Alternative Link: <https://codeforces.com/contests/623599>

[The alternative link will only work after you have successfully registered using the first link.]

Deadline: 11:59 pm, August 9, 2025

No submission will be considered after the deadline ends.

Learning Outcome:

In this lab, we will learn how to construct graphs using both **adjacency list** and **adjacency matrix** representations. To solve the problems of this lab assignment, we need the Data Structure knowledge we have learned in the previous courses.
